Clients living within 15 miles of an Outpatient Clinic

The following table includes all clients enrolled within ADHS/DBHS during FY 2011 per GSA. Information is broken out to identify:

- The number of clients located to their street level address.
- The number of clients that could not be located to their street level address.
- The number of clients located within 15 miles from an outpatient clinic.
- The number of clients located more than 15 miles from an outpatient clinic.
